

TRY IT THIS WAY . . . North High Coach Bob Shoup (center) shows Frank Moreno and Joe Hedgecock the correct grip used in throwing a forward pass. The team is working out at the high school field.

HIS FEET ON THE GROUND . . . Things will be a little different this year for Jack Meadows, 2709 Cabrillo Ave., a new teacher at South High School. A three-year veteran of service with the paratroops, he will instruct students in the use of strictly earth-bound vehicles as a driver training teacher. Although he enjoyed his 33 jumps, he allowed that he would just as soon keep his feet on the ground, or near it.

NEW TEACHERS HONORED . . . Some 175 new teachers in the Torrance Unified School District were honored at a steak fry Thursday sponsored by the Chamber of Commerce and its Downtown Retail Merchants' Division. Here, J. H. Paget, president of the merchants, dishes out some food to Karin Waterman and Marjorie Hooden Pyle, both new WALTERIA school teachers, as A. E. Thompson, president of the Chamber, looks on.

Administrators Take Over Jobs At South High

A complete staff of administrators, headed by Dr. W. Bruce Wagner Jr., has been named for the new South High School, according to Superintendent J. H. Hull. The new school, which will house 800 students, is not complete, but classes will be held in Torrance Elementary and Torrance High School classrooms until the building is completed later this year. Dr. Wagner has been principal of Torrance High School for the past four years and previously taught here two years. He is a graduate of the University of Redlands and holds master's and doctor's degrees from the University of Southern California.

Lucas Named
John A. Lucas, former assistant principal at North High and boys' advisor at Torrance High, will be assistant principal at South High. He moved here from Roseburg, Ore., in 1955, and holds master's and bachelor's degrees from the University of Oregon.

The girls' advisor at Torrance High for the past five years, Carmolita Rous, will hold a similar job at South High. A graduate of the University of Southern California, she also is a former dean of girls at Garden Grove High and advisor of education for Riverside Schools.

The new boys' advisor, Franklin G. Anderson, is a former math instructor and attendance supervisor at Torrance High. He graduates from Chadron, Neb., State Teachers' College and holds a master's degree from the University of Wyoming.

A former North High teacher, R. J. Ellsworth will become student activities advisor. A graduate in geology from the University of Arizona, he formerly was an oil company exploration geologist.

Joseph M. Melar Jr., will become attendance advisor. A former Torrance High teacher, he graduated from college at Wichita Falls, Tex., and is attending the University of Southern California.

Dope Charges Land Two in Torrance Jail

Two sailors have been arrested by Torrance police on narcotic charges.

In custody are Jack Barnett Grobman, 21, of Richmond, Calif., and Roland Lewis Herrera, 19, of 4064 Newton St., Torrance. The pair was arrested Monday by officers who observed the sailors' car being driven erratically, and running a boulevard stop.

Stopping the car at Pacific Coast Hwy. and Winlock Ave., officers searched the auto and found 17 pills hidden beneath the dash. The pills were believed to be narcotics.

STELLAR HALFBACK . . . Bobby Grajeda, halfback for Torrance High, is one of the team's high hopes this season. The star was one of last year's outstanding gridgers.

'Man' Named Sermon Topic

Man's rich inheritance of dominion and power is stressed in the Lesson-Sermon on "Man" to be read in all Christian Science churches today.

A Scriptural verse from Genesis (1:26) included in the Lesson-Sermon says, "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

"Immortal spiritual man alone represents the truth of creation," declares Mary Baker Eddy in "Science and Health with Key to the Scriptures." In another passage she challenges, "Has man sought out other creative inventions, and so changed the method of his Maker?" (pp. 263, 531).

Harvey Aids In Oregon

Lawrence A. Harvey, executive with Harvey Aluminum, has been named to an 11-man committee which will advise Oregon's new planning and development department.

The committee was named by Gov. Robert D. Holmes. Harvey is an executive in The Dalles operation.

Marineland Set To Open Special Occasion Room

In response to a wide demand for private-party accommodations affording a panoramic view of the ocean, Marineland Restaurant in Palos Verdes announces the opening of a beautifully new special-occasion room on Sept. 30.

The finest facilities and food will be featured in the year-around in the new private-function room, disclosed George Foster, owner-host at Marineland Restaurant. It will be available for private cocktail-dinner groups, club meetings, wedding receptions and business parties. Accommodations for luncheon or dinner gatherings will be from 25 to 70 persons, and advance reservations will be required.

For special, larger parties from 100 to 350 persons, private facilities in the main dining room will be available from Oct. 1 through May 1 (Monday-through-Friday).

The new room, designed and decorated by Webb Coleman, who also created the adjoining "Porpoise Room" and main dining area, will feature 19 wall booths and huge picture-windows overlooking a wide expanse of the sea. The decorative scheme will be in keeping with the modern, aquatic theme of Marineland Restaurant and the nearby Oceanarium.

TANNING TIME
Elephant leather is so heavy that a hide takes three years to tan. But cattle hides can be tanned in only a few weeks with modern methods.

Four Jailed In Burglary

Four San Pedro youths were arrested early Thursday morning on charges of attempted burglary.

Police said the group was taken in custody after a window had been broken at Walteria Drug store, 3776 Pacific Coast Hwy.

Jailed were Terry James Craig, 18; Almes Frank Gauthier, 19; Charles Leroy McKee, 18; and a 17-year-old companion.

CAR AGE
More than one-third of the passenger automobiles in the U.S. are more than 10 years old and almost 2 percent are 19 or more years old.

BASIC TRAINEE . . . Charles L. Sandberg, 22, son of Mr. and Mrs. N. A. Sandberg, 3824 W. 172nd St., has been assigned to the 3275th Technical Training Group at Lackland Air Force Base, Tex., for the second phase of his basic training.

NEW AIRMAN . . . Guillermo Warden, 19, son of Mr. and Mrs. William Warden, 1041 E. Renton St., has been assigned to the 3275th Technical Training Group at Lackland Air Force Base, Tex., for the second phase of basic training.

AT LACKLAND . . . Undergoing the second phase of his basic training at Lackland Air Force Base, Tex., is Airman Basic Frederick A. Cameron, 17, son of F. A. Cameron, 22539 S. Vermont Ave. He is with the 3275th Technical Training Group.

People who can easily pay say price say:

"Pay more... what for? Ford's the buy!"

Why? Because this 1957 Ford gives you the advanced features, the solid ride, the effortless handling that you once expected to find only in expensive cars. And when it comes to looks, where can you find fresher styling than in the sculptured-in-steel lines of this new Ford?

Ford's superiority is evident in many places. In the vital rear axle, the pinion gear that turns the rear wheels is straddle-mounted . . . supported between two anti-friction bearings instead of being "overhung" from a single bearing. This makes operation quieter, smoother and longer-lasting. It's a feature that Ford shares with only one other car maker in the world—Rolls Royce.

Or consider Ford's famous V-8 engine. No other manufacturer in the industry today electronically balances every V-8 engine, while operating under its own power, the way that Ford does. This means you get a smoother-running engine—the finest V-8 in Ford's 25 years of V-8 leadership.

These are only a few of the important hidden values that are yours in Ford. But they indicate why so many people who can pay almost any price for a car—people who have driven expensive cars for years—are buying Ford today. Action Test this great performing car at your Ford Dealer's just once and you, too, will ask, "Pay more . . . what for?"

YOU CAN SPEND HUNDREDS MORE . . . BUT YOU CAN'T BUY BETTER THAN THE NEW KIND OF FORD

WHEN IT'S TIME TO MOVE

ONCE UPON A TIME

—everybody's stored furniture was mixed up and piled up in old buildings. Today, as in our moving vans, we separately and entirely close each family's possessions in portable rooms which are packed in neat rows in our warehouse which is as big as it is new.

Who is spoiling this picture? Careless handling in moving can spoil pictures — and furniture, too. Phone us for careful handling, expert moving service.
